Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

Finnigan's Ball.

A good sized audience attended "Finnigan's Ball" at the academy of music last night and the show was good. Murray and Mack are among the best Irish comedians on the road and the audience was kept laughing from beginning to windup. The music by the Trumbull sisters and Miss Kittie Beck was rarely pleasing. The dancing was perhaps the best ever seen here. Almost every member of the company is a good dancer, and the ball was kept rolling. There was nothing dull about the show. There was little plot, but comedy held away throughout, and altogether it was a good performance.

The Bostonians to Durham.

Twelve members of the Boston baseball club took breakfast at the Benbow this morning. They were enroute to Durham where they will spend two or three weeks practicing for the coming season. Manager Frank Selee, who is well remembered here, his club having practiced here last year, says that his team is even stronger than it was a year ago and he has strong hopes of again winning the pennant. Captain Duffy, the champion batter of the world, was with the team this morning. Some of the members have not yet reported, but will join the club in a few days.

Sporting Editor Walter Barnes, of the Boston Journal, accompanied the club to Durham to report their progress to his paper.

AGONCILLO IS MORTIFIED

At the Rebuffs Received From the British Government.

COMMISSIONERS GO TO PARIS.

His Eloquence Failed to Arouse the British and He Goes to France, Hoping For Better Success.

By Cable to THE TELEGRAM.

London, March 23—Agoncillo and Marti, the Filipino commissioners, have started for Paris. It is said in well informed circles that Agoncillo is greatly mortified at the repeated rebuffs he received from the British government, whose sympathy he endeavored to arouse. He said he expects better treatment from the French.

Agoncillo's real object is to obtain arms and ammunition, for the purchase of which he made several unsuccessful overtures to London and Birmingham firms. He said he believes that with the assistance of the Paris junta he will be able to obtain the supplies he seeks in France, in which event he will charter a small vessel to transport his purchases to the Philippines.

MRS. J. T. SHIELDS DEAD.

Mother of M. L. Shields, Passed Away Last Night.

A telegram received here this afternoon announced the death of Mrs. J. T. Shields, mother of our esteemed townsman M. L. Shields, which occurred at her home in Bean Station, Tennessee, at 8 o'clock last night. She was past 70 years of age and her death was caused from dropsy. Mr. Shields left here last night to be at his mother's side, but she died before his arrival. His many friends deeply sympathize with him in his sad bereavement. Mrs. Shields will leave tonight to attend the funeral.

As Burdette Puts It.

Bob Burdette gives this simple recipe: "My homeless friend with the chromatic nose, while you are stirring up the sugar in a ten-cent glass of gin, let me give you a fact to wash down with it. You may say you have longed for years for the free, independent life of a farmer, but you have never been able to get money enough to buy a farm. But there is where you are mistaken. For some years you have been drinking a good improved farm at the rate of one hundred square feet at a gulp. If you doubt this statement, figure it out for yourself. An acre of land contains 43,560 square feet. Estimating, for convenience, the land at \$43.56 an acre, you will see that it brings the land to just one mill per square foot. Now pour down the fiery dose, and imagine you are swallowing a strawberry patch. Call in five of your friends and have them help you gulp down that garden of 500 square feet. Get on a pro-longed spree some day and see how long it will take to swallow a pasture land to feed a cow. Put down that glass of gin; there is dirt in it—300 square feet of gold, rich dirt, worth \$43.56 an acre.—Selected by Press W. C. T. U.

Important Notice.

The Rev. J. E. Gilbert, D. D., LL. D., of Washington, D. C., secretary of the American Society of Religious Education, purposes to visit the chief towns of the Carolinas in the interest of the Southern Biblical Assembly, that holds its fifth annual session in Charlotte, N. C., June 20-29, 1899.

Dr. Gilbert will arrive in Greensboro Friday evening of this week, and desires to meet, that night, at 8 o'clock all the pastors and Sunday School superintendents. The meeting will be at the residence of Dr. E. W. Smith, on Church street. On Saturday, the next day, at 4 p. m. he will hold a mothers' meeting in West Market Street M. E. Church. Both meetings should be well attended.

Nine Thousand Vaccinated.

A careful canvass made by the officers reveals the fact that about nine thousand people living in Greensboro have been vaccinated. This makes this city almost totally immune from smallpox and no danger whatever is anticipated of a spread of the disease. A great injury has been done the business interests of this city by this smallpox scare. In one part of the city there was one case of supposed smallpox. In another part of the city it was no trouble to hear there were a half dozen cases, and out in the country a few miles it could be heard that the town was full of it. Such gross misrepresentations are positively criminal, and a measure to stop the tongues of sensational mongers would do the city as much good as a dose of vaccine points.

Forty Thousand Lost.

Thomasville, Ga., March 23—The opera house and three or four other buildings were burned this morning. Loss about forty thousand dollars.

WASHINGTON NEWS.

Bailey's Retirement—Other Gossip Around the Capital.

Special to THE TELEGRAM.

Washington, March 23—The voluntary retirement of Congressman Bailey from the contest for the democratic leadership of the house of representatives has been followed by the announcement that he will enter the contest for the seat in the United States senate to succeed Senator Chilton, of Texas. Senator Chilton's term will expire in 1901, and will be a candidate to succeed himself. The entrance of Mr. Bailey in the contest for the senatorship may lead to the announcement later on that he will not at the conclusion of his present term in the house of representatives be a candidate for re-nomination to the lower house. Since the formal notification was given by Mr. Bailey that he would seek the democratic leadership there has been considerable gossip to the effect that the democratic caucus might nominate Mr. Bailey in spite of his withdrawal, but the notice that he will be a candidate for the United States senate will likely take his name out of the list of those considered for the minority leadership, as Mr. Bailey would not, probably, care to accept the responsibilities of the leadership in the house, which might have an influence against his candidacy for the upper branch of congress.

Mr. and Mrs. James Cecil Nooe, of Warrenton, Va., are in the city for a few days. They will leave Washington shortly for a tour of the southern states, visiting North Carolina, South Carolina, Georgia and Florida. The trip will be quite a lengthy one, and may include other southern states. Mrs. Nooe will be remembered as Miss Edith Dingley, daughter of the late Representative Dingley, of Maine. She resided in Washington with her distinguished father during the winters for several years past, and has many friends here.

Public men in Washington were much relieved by the intelligence received late Tuesday night that the reports of the death of Hon. John Sherman were without foundation. At the state department there was much rejoicing. The department had every reason to believe the news received earlier in the afternoon was true, and even went, it is said, to the trouble of having the newspaper reports confirmed. How the story originated, and how the confirmation of the department came, is not clear.

Mrs. Sherman knew nothing of the erroneous reports, until after its denial. It is stated at the residence that no plans have been made for Mrs. Sherman, though there is a probability that if her husband is taken to Tampa, Florida, and remains in the south until warm weather sets in, Mrs. Sherman may join him in the state. If Mr. Sherman becomes stronger, they may go to one of the resorts in Florida, and remain for some time, to enable the secretary to recuperate.

Secretary Alger left Washington yesterday for Savannah, Ga., from which port he will sail for Havana. Before leaving the secretary refused to discuss the report that he will be succeeded as secretary of war by Gen. Horace Porter. Among administration men in Washington the report is not generally believed.

At the White House it is stated that nothing is known as to when the president will return from his trip to Georgia, but it is the impression that he may remain away from Washington for about two weeks yet.

Among well known North Carolina people in Washington are Mr. and Mrs. C. P. Perkins, of Tryon. They are stopping at the Raleigh Hotel, and will be in the city for several days.

Star service has been discontinued in North Carolina from North Wilkesboro to Jefferson. Also from Malloy to Wentworth. The former takes effect April 15th, and the latter March 31st. Star service change has been ordered in North Carolina as follows: Madison to Pleasantville, April 1st, extending service and include Malloy, increasing distance three miles.

Burkey C. Malpass has been commissioned postmaster at Grit, N. C.

Meeting of Trustees.

The board of trustees of the A. & M. College met yesterday afternoon in special session in the city for the purpose of reorganization. Col. T. B. Keogh the president, was absent from the city but he had his report and resignation on hand. His resignation was accepted and Mr. A. M. Seales of this city was elected to fill the vacancy.

The following committees were elected: Finance Committee—Jas. F. Post Jr., J. L. Currie and C. E. Lane. Executive Committee—A. M. Seales, W. W. Long and Prof. M. C. S. Noble. Committee on Buildings and Grounds—Prof. J. Y. Joyner, W. L. Klutz and H. C. Tyson.

After hearing reports from the officers of the college the board adjourned to meet the last of May.

DETAILS OF THE ILOILO FIGHT

One American Killed and Fifteen Wounded.

OUR TROOPS MET A HEAVY FIRE.

General Miller Estimates That Fifty Rebels Were Killed and a Hundred Others Were Wounded.

By Cable to THE TELEGRAM.

Manila, March 23—The steamship St. Paul arrived today from Iloilo and confirms the report of fighting on the outskirts of Iloilo. American losses, one killed and fifteen wounded. The enemy suffered heavily.

The details of the fighting at Iloilo on the 16th show that four hundred rebel riflemen from Panay were met by seven companies of the Eighteenth United States Infantry and a battalion of Tennessee volunteers. As supports these troops had three two-inch Hotchkiss guns under General Miller at North Jaro, across the river. The Americans met a heavy fire and one man was killed, while fifteen were wounded. There were also several cases of sunstroke.

General Miller estimates that fifty rebels were killed and a hundred wounded.

IN THE NORTH COUNTRY.

Manila, March 23—The steamer Saturnus has arrived from Daqupan and brought fifteen Englishmen and women refugees were taken aboard by permission of the Philippines. They report the people in the north country in sympathy with the war the Filipino government is waging and that steps have been taken by them to insure good crops as food supplies for the soldiers and non-combatants. The refugees say that foreigners are not ill-treated.

OFFICIALS SATISFIED

At the Bright Prospects and Progress of Filipino Campaign.

By Wire to THE TELEGRAM.

Washington, March 23—War department officials profess much satisfaction at the progress of the campaign in the Philippines, and expect even better results from the aggressive movement soon to be inaugurated by Gen. Otis, who is now reorganizing the American forces to that end. Reinforcements are now rapidly reaching Manila, and within a fortnight the Sheridan is expected, swelling the number to five thousand. The department expects to hear that Gen. Otis has made the move before the Sheridan arrives.

McKinley Gets a Spanish Flag.

By Wire to THE TELEGRAM.

Thomasville, Ga., March 23—President McKinley was presented with a Spanish flag today by Rosendo Torres, late vice-consul to Spain. The first Spanish flag salute to the president since signing the peace treaty. It was dipped in his honor from the Spanish bark Torralas as the president steamed down the bay Monday on the Colfax. Today three Spanish vessels dipped their flags to the president as he sailed by.

Wreck On Coast Line.

By Wire to THE TELEGRAM.

Augusta, March 23—The Atlantic Coast Fast train was wrecked today just before reaching here. The first-class coach and a Pullman were derailed. A large number of passengers were caught in the wreckage and it was some time before they were released. The eight-year-old daughter of Professor Mack, of Gaffney, S. C., was badly injured and Erasmus Granger, who attempted to rescue her, was seriously injured internally.

Another Body Found.

By Wire to THE TELEGRAM.

New York, March 23—Another body was found this morning in the Windsor hotel ruins near the northeast corner. The body was crushed and charred beyond recognition, and so badly were the bones broken that the police could not tell whether it was a man or a woman.

The Pope Writes a Letter.

By Cable to THE TELEGRAM.

Rome, March 23—The Pope has written a letter to the Sacred College recommending a conclave of cardinals which will be called after his death to elect his successor. The conclave will be held at Rome. The number of candidates for the papacy is increasing.

Corean Cabinet Dismissed.

Yokohama, March 23—Advices from Seoul say the entire Corean cabinet has been dismissed. Two ministers have been banished owing to the wholesale changes the ministry made in the principal places.

Sherman Still Improves.

By Cable to THE TELEGRAM.

Santiago, March 23—Hon. John Sherman passed a satisfactory night and is now better than at any time since he was taken sick. His recovery is confidently expected.

"UNCLE BOB" SLOAN.

Eighty-seven Years Old Yesterday.

Mr. Robert M. Sloan yesterday celebrated his 87th birthday. His daughters, Mesdames John A. Barringer, Logan C. Mebane, W. C. Porter and Nell Ellington, of this city, and Mrs. Seales, of New York, spent the day with him at his home on West Market street. "Uncle Bob" has been a resident of Greensboro for 72 years and there is no more beloved and revered citizen within her borders. His face is familiar to old and young. His hair is white with years, though he is yet hale and hearty and is seen on the streets every day. For thirty-five years he was agent for the Southern Express Company here, and was honorably retired and pensioned seven years ago on account of his age. He still stays around the office and does what he can to assist in the dispatch of business.

May he live to see a hundred and then live on indefinitely.

Another Steam Laundry.

A gentleman from Bluefield, West Virginia, combined with local capital, has organized a company to start another steam laundry for Greensboro. Machinery has been purchased, building secured and all arrangements made to start up as soon as the machinery and equipment arrives. The enterprise will be located in South Greensboro.

THE "DEVIL FISH."

Webster's Weekly, of Reidsville, gets after the Telegram in rather good natured fashion in last week's paper about a recent article which appeared in our editorial columns, in which the American Tobacco Company was likened unto a "leviathan," "devil fish," etc. It may sound "fishy" to the Weekly and others who would like to continue the business of tossing up dirt; but the editor of the Telegram was as much surprised, on returning from a recent trip into another state, to find that article in the editorial column as Col. Webster was glad to see it. It was written and printed without the editor's knowledge or endorsement. We feel that this much is due our readers in explanation of that article, which the weekly likes so well it has quoted from twice.

The fact of the business is, we have never been one of those who entertain populist ideas. We have heard such papers as the Weekly, the Professional Farmer and the Caucasian yell "trust," "combine," and such stuff until they are red in the face and yet we can take no stock in the populist cry.

But with the Weekly, in this instance, it is not so much a hatred of the combine with the "avaricious man," as it is a determination never to lose an opportunity to "paw the air" in a frantic endeavor to land a whack at President Kilgo, of Trinity College, and the noble benefactor of that institution, Mr. Washington Duke. That this proposition is correct is amply proven by the following extract from the Weekly's comment:

According to our view of the subject a trust is just what the men who are in it elect to make it, no better and no worse. If it is the embodiment of greed, it is because the men who are in it are greedy and avaricious. What says the Telegram to this proposition? Will it dispute it? If not, does it not think it is about time the Methodist church was cutting loose from this "monster devil fish" with the "avaricious man"? Can a man be a devil fish in business six days in the week and a Christian gentleman on Sunday and commencement occasions? The Bible calls covetousness idolatry, yet we see a representative of organized covetousness thanked by Methodist conferences and colleges trustees for his benefactions to Christian education and the crown of glory placed on his brow by Dr. Kilgo, who led a serenade in his honor and told him he was greater than all the achievements upon which North Carolina has heretofore plumed herself, from the birth of Virginia Dare to the heroic death of Worth Bagley at Gardens. The Methodist church could not tolerate a member who bows down to an idol, but its sons are pointed to one whose business methods a Methodist editor likens to the devil fish as worthy of praise and emulation.

We are only led to notice the stabs and undercuts of the Weekly at Dr. Kilgo and the Methodist conferences which have thanked Mr. Duke for his liberal donations to Trinity College, by the fact that its editor is quoting from and commenting upon an article, supposed to be an editorial, but which in reality was not, and was written by a man who has nothing whatever to do with the editorial policy of the paper, simply being at the time in temporary charge.

An unjust and absolutely malicious warfare is continuously waged by the Weekly upon Trinity college, its president, and all who stand up for them, and such a warfare merits only the supreme contempt of loyal people. If we held the opinion the Weekly expresses of the Methodist conferences of the state, we would never sleep till our name was off the church roll. And instead of trying to net the part of an official member of an annual conference when we were not entitled to do so, we would move the other way when conference struck near our vicinity.

But, thank God, we have not yet lost the faith in Methodist preachers and laymen which has been taught us from boyhood; and with due apologies to them for the unfortunate circum-

stances which require us to notice the Trinity College matter again in this connection, we drop it and are willing for Webster's Weekly to throw mud and dirt at it to its entire satisfaction, knowing that like a mad bull who paws up the dirt, most of it will fall on its own back.

It is not the custom of this paper to reproduce all the complimentary things said of it by its contemporaries, but we are grateful for all of them. We hope we may be pardoned in this instance for copying the following paragraph from our valued friend, Charity and Children, edited by that level-headed and sterling Christian gentleman, Archibald Johnson:

The Greensboro Telegram has moved into elegant new quarters on Elm street and Editor Phillips is in excellent spirits. The manly stand the paper took in the dispensary fight has increased its circulation and influence, which is creditable to Greensboro. May sheels abound to it!

We are pleased to note that our neighbor, the North Carolina Christian Advocate, has appeared in a new and handsome dress of type and printed on a higher class of paper than formerly used. It also has a new and attractive heading. Dr. Crawford is doing hard work and making a good paper. The people in the conference whose organ the Advocate is, will recognize this enterprise on the part of the management and accord to it a liberal support. The paper has our hearty good wishes for increased usefulness and prosperity.

Yesterday we were in error in saying that Mr. Percy R. Albright was connected as manager with the North Carolina Car Company, which has failed. Mr. Albright is manager of the North Carolina Car Service Association and the similarity of the names led us into the error. We gladly make this correction.

ALGER OFF FOR CUBA.

He Takes a Number Of Friends With Him and Fools the Bills.

Washington, March 22.—Secretary Alger left tonight for Savannah, where he will sail on the transport Ingersoll for Havana tomorrow. Several business men and officials accompanied the Secretary, who pays their expenses. The party will be absent about a month and make a tour of both Cuba and Porto Rico.

Secretary Alger's main purpose is to consult with officers in command as to measures having a direct bearing on the general situation. Particular attention will be paid to sanitary conditions.

Henry Miller, of Montreal, who sent threatening letters to President McKinley and others, has been adjudged insane.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it cures that disease of all dangerous consequences. Sold by C. E. Holton.

Louis Rochan, Harry Dalrymple, Eugene Deschaut and Archie Stewart were killed by a falling scaffolding at Rockland Mills, Ont.

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says: "A few applications of this liniment proved of great service to me. It subdued the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. E. Holton.

During the absence of John Duan's family from their home at Greenfield, Manitoba, their five children were burned to death.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. Howard Gardner's.

Tons of mail matter are piled up at Skagway because contractors refuse to handle it unless Canadian stamps are affixed.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying 'I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and \$1. Guaranteed or price refunded."

The Phenomenon of Walking.

At a small party the other evening those present were asked to name the most common and at the same time the most complicated action in the human phenomena. Various answers were given, showing all degrees of observation and thought. Not one, however, hit upon the answer that the questioner had in mind, which was walking. What action is more common, and yet how difficult of analysis! How many persons outside of some special courses in physics at the universities can explain the phenomenon? Let somebody try.

"Walking," once said Dr. Holmes, "is a perpetual falling, with a perpetual self recovery. It is a most complex, violent and perilous operation, which we divest of its extreme danger only by continual practice from a very early period of life. We find how complex it is when we attempt to analyze it. We learn how violent it is when we walk against a post or a door in the dark. We discover how dangerous it is when we slip or trip and come down, perhaps breaking or dislocating our limbs, or overlooking the last step of a flight of stairs and discover with what headlong violence we have been hurrying ourselves forward."

All this is very true, as we all know to our sorrow; still the genial Autocrat has not explained the phenomenon.—New York Times.

From Bad to Worse.

Several ladies and gentlemen were riding down town in a cable car. They were mostly strangers to one another, but the conversation became general.

One of the ladies had been at the opera the night before and was loud in her expressions of disapproval.

"Worse than all," she went on, "that Mrs. Schroeder is much too old for her part. Her singing is becoming unbearable. Don't you think so, too?" she asked, turning to the gentleman next to her.

"Wouldn't you rather tell this to Mrs. Schroeder herself? She is sitting beside you," he replied coldly.

After the general silence which followed the remark, the critical lady turned to the singer with many confused apologies.

"It is that horrid critic Schmieder who has influenced my judgment concerning your singing. I believe it is he who is always writing against you. He must be a most disagreeable and pedantic person."

"Had you not better tell all this to Mr. Schmieder himself?" calmly inquired Mrs. Schroeder. "He is sitting next to me."—New York World.

On Landing Troops.

In landing a force on a hostile shore a great deal more has to be provided than the vessels to carry it. There are people who discuss an invasion, and who seem to have an idea that the matter is limited to crowding a number of soldiers on a ship and directing them to be landed at a certain place. There is no consideration of how they are to get on shore with their arms, guns and ammunition; that merchant ships have only a few boats, and that artillery cannot be transferred from ship to beach without a certain preparation. When we consider that, notwithstanding the support and resources of a large combined fleet and the presence of transports, more than a month of hard work was required before an army of 50,000 men could be landed in the Crimea, we are justified in doubting those who assert that the invasion of our shores with 150,000 or 200,000 men is not only within the bounds of possibility, but by no means so difficult an undertaking as is often stated.—"Winning's Life of Vice Admiral Lord Lyons."

Lakes That Change Color.

It is well known that the water of many lakes exhibits characteristic colors. The lake of Geneva, at the western end of Switzerland, is blue, while the lake of Constance, at the eastern end of Switzerland, is green. Bismarck implies purity, since the natural color of water is blue. A green lake has its water slightly clouded with impurities, which may be exceedingly fine particles, separately invisible. Professor Spring of the University of Liege says that green lakes sometimes become absolutely colorless for a time, and he has found that this sudden change of hue is due to the washing into the lakes of mud colored red by oxide of iron. Red is complementary to green, and the result of the mixture is that the green color of the water becomes for the time neutralized.

Curious Indian Custom.

A curious custom prevails among the lowest classes of northern India for obtaining rain in times of drought. A gigantic figure of a woman is stretched to its full length on its back on an open, very low four wheeled carriage, and the carriage is dragged round the streets, the Indian peasantry accompanying it with the deafening noise of their tom-toms, drums and bangles. The custom is explained by the popular notion that the figure on the cart represents the wife of Varuna, the god of rain, and that when he sees his favorite wife dragged ruthlessly along the streets he sends down torrents of rain to wreak his vengeance.

Financial View of It.

"John, dear," said the wife, "that last sonnet of yours will get me a pair of shoes, the love lyric will buy my hat, the quatrain will get my gloves and your obituary lines on old Jinks will enable us to rent a carriage and attend his funeral. How happy we ought to be!"—Atlantic Constitution.

Quite Evident.

"That boy of mine," remarked the proud parent extravagantly, "is the genuine article. He's all wool, you can bet."

"Shouldn't wonder," commented old Grumpy. "I notice that he shrinks from washing."—Philadelphia Record.

New York & Florida Limited Service
JANUARY 16, 1899.
The opening of the Florida season
will be signalized this year as usual
by the placing in service of the "New
York and Florida Limited" between
New York and St. Augustine, Fla.
This is acknowledged to be the finest
train in the world, in its appoint-
ments, luxury and detail of finish,
and the first of these trains was con-
structed by the Pullman company for
the use of the President of the United
States on official tours.

"The New York and Florida Lim-
ited" leaves New York daily except
Sundays at 11:50 a. m. via the pen-
nsylvania Railroad, the Southern
Railway, Florida Central & Penin-
sular R. R. and the Florida East
Coast Railway, and reaches St. Au-
gustine at 2:20 p. m. the following
day, making the run, which exceeds
1,000 miles, in little more than twenty-
four hours. No train has attracted
so much attention, and its fame has
been heralded wherever railroading is
known. It is composed of Pullman
compartment cars, each room being
finished in different woods and sup-
plied with private lavatory and toilet;
Pullman drawing-room sleeping cars
of the latest pattern and finish, a royal
club car for the gentlemen; an obser-
vation car with a handsome drawing
room at its rear opening on to a wide
platform; a library car, and dining
car, in which the service and the culi-
nary rank with the finest New York
hotels. This "New York and Florida
Limited" runs through solid to St.
Augustine with the exception of one
car which is detached at Columbia,
S. C., and goes through to Aiken,
which it reaches at 9:35 the next morn-
ing after leaving New York, and Aug-
usta at 9:50. Brunswick and Jacksonville
are conveniently reached by
this train at 12 o'clock noon through
the perfect connections afforded at
Everett, Ga.

There are two other fine trains be-
tween New York and Florida via
"The Florida Short Line," one the
"Washington and Southwestern Vestibule
Limited," leaving New York at
4:20 p. m. daily, and the "United
States Fast Mail," leaving New York
at 12:05 midnight. The former train
carries through Pullman drawing
room sleeping cars between New York,
Jacksonville and Tampa, and also
offers Pullman sleeping car service
between New York and Augusta, Ga.,
with connections for Aiken, Brun-
swick and Jacksonville. The latter
carries through drawing room sleep-
ing cars between New York and Jack-
sonville, connecting with parlor car
service to points on F. C. & P. R. R.
and F. E. C. Ry. Dining cars are
operated on all trains of the Southern
Ry. "The Florida Short Line" in

BRIEF LOCAL MATTERS.

The steam laundry presents a new
ad today.
W. E. Lewis has a new ad on the
first page today. Read it.
Ingram announces that he has both
specialties and staples in the grocery
line. Read his ad.

M. B. Shrier, the progressive shoe
dealer, has a change of ad in today's
Telegram. It will pay you to read it.
Moody Stroud, who holds a position
with J. W. Scott & Co., left at noon
today for a visit to his home in San-
ford.

The Eunice Goodrich Company, who
hold the boards at the Academy of
Music for the rest of this week, arrived
this morning.

The Kalamazoo Whist Club was de-
lightfully entertained Tuesday after-
noon by Miss Madeline Douglas at
her home on Asheboro street.

M. L. Shields, of the Simpson-
Shields Shoe Co., left last night for
Bean Station, Tenn., in response to a
telegram announcing the critical ill-
ness of his mother.

One Warren, a jolly son of Erin,
got loaded yesterday afternoon and
was taken to the lock-up by Policeman
Pearce. He paid his fare and was re-
leased this morning.

Tom Nutchell, colored, was locked
up by Officers Whittington and Weath-
erly last night. Tom had very much
overloaded himself with mean corn
and was exceedingly boozy when ar-
rested.

J. E. Ferguson, who has been under
a peace bond of \$200, was taken back
to jail last night, his bondsmen having
surrendered him by request of his
wife. It is thought that he is mentally
deranged.

W. H. Matthews & Co's stock of
clothing, gents' furnishings, etc., is be-
ing delivered at their handsome store
today. It will be opened for display
and sale as soon as the counters and
shelves can be put in and this is being
done as rapidly as possible.

The general public seem to appre-
ciate the fact that when Shrier, the re-
liable shoe merchant, advertises any-
thing he means what he says, taking
it from the amount of spring shoes he
has already sold from his immense
stock. His stock this season is more
complete than ever and embraces
every new idea in shoe making. He
can suit the most fastidious taste.
Call on him and be convinced.

It was reported in South Greensboro
today that Charles, the ten-year-old
son of T. B. Carroll, who resides on
Ashe street, was dying from the effects
of vaccination. A Telegram reporter
saw Dr. Schenck, who is attending the
little fellow, in regard to the matter.
Dr. Schenck said that the patient was
suffering from some malarial trouble
and that he did not think vaccination
was in any way troubling him.

MRS. HOSSEK-EPPE:
Please permit us to ask you a very
pointed question: Have you a Uni-
versal Food Chopper? By this we do
not mean a meat grinder, but a Chop-
per, which takes the place of chopping
bowl and beater.
It chops meat, of course, but it does
more. You can chop ham, cocoonut,
or bread instead of grating it. You
can—but we can't tell it all here. Our
booklet gives full information Free.
You will have use for it every day in
the year. It is very simple and very
cheap. Please call and let us show
it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what
we consider the finest assortment of Form-Fitting Shoes for men and ladies,
misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of
your approval.

Every new idea in quality and finish, ease and comfort, grace of style
and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to
conduct our business, we are enabled to sell our goods 25 per cent cheaper
than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is
a very important one. We feel if you call on us, we can answer the question
to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large
cities are greater. True, the quantity is greater, but the assortment is no
better, and the price is correspondingly higher, owing to the increased
expense.

Kindly call on us at your earliest convenience and allow us to prove
to you that these statements are true.
